

of several points she asked for a copy of a cable found in the file that lists the chronology of the contacts with the two ladies. That copy was provided via FAX on the same day.

5. Susan told me that IP&CRD has recommended that we, ie, CIA, request Ms. Naman to submit a formal FOIA request for the photos. The file review suggests to her, however, that a letter telling Ms. Naman that CIA's record indicates the photos had been returned, may be more politic. Evidently Susan wants to talk to Page Moffitt, DD/OCA, about the request so the response is still undecided. I told her that I was returning the file folder to the file but that I could retrieve it again if necessary. It could be that they will want to review the file folder for themselves. More to come?

6. Copies of Representative Lagomarsino's letter and the CIA cable noted previously are attached for information.

RE: Rita Naman

Dear Mr. Gates:

Attached is self-explanatory correspondence I have received from my constituent, referenced above, requesting my assistance in problems encountered with your agency.

As you will note, Ms. Naman is requesting my assistance in the return of a slide and copies of three 8 x 10 photographs that were submitted to the CIA when she discovered the picture included Lee Harvey Oswald in the background. Ms. Naman is also requesting a copy of her file that she believes the CIA has been kept on her since she submitted the picture.

I would very much appreciate your review of this matter and any information you may be able to provide which will assist me in responding to my constituent. Please send all correspondence regarding this inquiry to my district office in Santa Barbara at the address listed below.

Sincerely,

ROBERT J. LAGOMARSINO

Dear Bob:

It has been many years now since I first shook your hand when you were originally running for office and I met you at the cattle auction yard in Buellton.

I have appreciated your keeping me informed via your newsletter but am enclosing 3 envelopes showing duplication of two, which are incorrect. I have marked them VOID and the proper one to use.

You have always responded to me when I have asked you or been concerned about anything. I am troubled by many things today but at the top of my list is the ENVIRONMENT and costly and wasteful

\$ Grants (our taxpayer money) given to unethical people for EXPERIMENTS ON ANIMALS. I even got a letter from Casper Weinberger saying the D.O.D. felt it was necessary for the protection of the United States for the military to shoot, maim, and kill animals - even dogs.

Oh now REALLY!! Come on. Lets get all this craziness and waste stopped. We have enough injured real bodies around without animal testing.

The other item that has been renewed for me is all the recent interest in the JFK Assassination. You might remember that as a plain old tourist I took a picture in Minsk where later we found Lee Harvey Oswald to be in the picture. I was glad to give this to the CIA with the understanding they would return my slide together with 3 blowups 8 x 10 color.

To this day my efforts and yours have been unsuccessful. You tried through the FBI, which was an error on the part of you or your office - I had said it was the CIA who interviewed me and to whom I entrusted my picture. If you did contact the CIA I never did hear from them. The FBI did respond but merely said they knew nothing about it. I would still like to have my colored slide back, together with the 3 color 8 x 10 they promised me. Would you please try again, but be sure its the CIA.

Probably because of this picture there must be some sort of a file on me; so would you kindly arrange for me to have my file through the Freedom of Information Act.

Thank you kindly,

Hita Naman

(Huffington is a threat, but I am telling people how responsive you have always been to me, and YOU DO PROTECT OUR ENVIRONMENT.)

My picture is on Page #268 of the Warren Commission Assassination Book

MEMORANDUM FOR THE RECORD

FROM: Gloria Boyd, HRG

SUBJECT: Request for Information from the Oswald 201 File to Support an OCA FOIA Request

1. On Wednesday, 20 May 1992, Susan McMains, the OCA FOIA Officer, asked for my help in servicing a request from Representative Lagomarsino on behalf of one of his constituents, Ms. Rita Naman. The request was for the return of a slide and some photographs that were provided in the Oswald investigation in 1962. As those files are now in the possession of HRG Susan called to ask our help. I became the HRG contact only because she and I were conferring on another subject when the request came in and she used one telephone call to accomplish a double mission.

2. As luck would have it Barry had found an index of some items in the 201 File that listed a "Photo of OSWALD in Minsk." A short search located the file folder; VOLUME 35, BULKY, XAAZ 22420, 29 Apr 64, SR/CI Study: Photo of OSWALD in Minsk, in Box #9. The folder contains a collection of MFRs, documents, notes and photographs regarding the acquisition of some photographs and a movie reel from 2 women that had been traveling in the USSR in 1961. Ms Naman was identified as one of the travelers. Also included in the folder were 2 slides.

3. According to the file record the movie reel that was provided by Ms. Naman was returned to her by mail in March 1962. The slides provided by Ms. Kramer, the other traveler, were also returned in May of that year. The record notes in addition that five slides of the 160 provided (presumably by Ms. Kramer) were "accessioned."

NOTE: "accessioned" means that they were added to the photographic collection of the Graphics Register. The Graphics collection was split with the ground photos going to NPIC and the personality photos going to the area divisions of OCR/ISG. Keeping up with organizational shifts these personality photos should now be in LDA files? - that is if they haven't been purged.

4. After conferring with Mr. Pereira, C/HRG and Mr. Carver, HRG, on Friday, 22 May 1992, I called Susan with the search results on Tuesday, 26 May 1992. Following discussion
